Deep **Inner** Healing Seminar

Organized by City of Truth Church

Seminar on Deep Inner Healing

Inner healing has always been associated with spiritual warfare. Many people have come to Christ to be set free but they are not free as the wounds of the past keep festering. As long as the garbage is there, the rats will come just like in the natural, in the case of the Geylang Serai stall.

Objective of this seminar

This seminar teaches you on the spiritual aspect of removal of spiritual and emotional garbage from within us. Over the years, in counseling the community in Sri Lanka, Singapore, Penang, Malaysia and Tg Pinang, Indonesia, Ps Alicia Teo has found that many people are not set free from their emotional brokenness of the past. On the contrary, it has increased to such an extent that there are far more in need of help than can possibly be tended to by professionals.

People who are converted are unable to find the freedom God wants them to have because of old habits not dealt with. They still carry anger, depression, unforgiveness, low self esteem and self destructive talks on themselves. We live in an emotionally damaged and damaging world. Unlike other inner healing, this seminar seeks to give freedom to the Christians and to help them tackle deep wounds, deep issues like bad traumatic memories and demonisation. Many people keep failing because of the deep wounds of the past not dealt with. History has proven that till the deep wounds are dealt with, the past failures keep festering and they are unable to move forward to the success the way God wants them to have.

We are supposed to be led by the Spirit and live by the Spirit but many a time we are unable to do this because of festering wounds. If you are in this category then you need to attend this Seminar.

Practical lessons will be conducted. Come and be blessed and invite your friends along.

Who should attend?

Leaders, counselors, entrepreneurs who have not achieved success yet, those in crisis, all Christians who have not achieved breakthrough in their lives yet, those who are ministering deep healing on people.

Speaker Profile

Ps Alicia Teo has been conducting spiritual counseling since the year 1989 first in Sri Lanka and now in Singapore and Tg. Pinang, Indonesia as well as Penang, Malaysia.

Over the years she has helped people attain freedom in Christ through deep inner healing of festering wounds of the past. She has also been used by God to cast out demons and many have been set free from spiritual bondage and signs and wonders have followed especially in the nations.

However, she noticed that many wounds festered as time goes by and people's lives cannot be transformed. She now conducts inner healing on those people who need help to overcome bondages such as anger, depression, unforgiveness, low esteem and incredible inner torments. Today she has successfully worked this program with her counselees in Singapore and Tg Pinang, Indonesia. Finally Gal 2:20 can take effect in their lives. They do not live for themselves but for the glory of God.

Her mission now is to go to the nations to teach people how to conduct inner healing on themselves, to find freedom in Christ and how to minister to others so that they too can receive freedom. It will be a 6-part series on Deep Inner Healing and if the students like they can sign on for another eight- part series on demonisation.

THIS IS ONE SEMINAR YOU CANNOT AFFORD NOT TO ATTEND.
